## Special note regarding COVID-19 protocols

In response to the COVID-19 pandemic, effective Tuesday June 16 2020, **the Blackberry Township Offices will be welcoming visitors again under the Governors restore Illinois Phase 3.** Per CDC guidelines we will be requiring all visitors to be wearing masks and will be checking peoples temperature with a no touch thermometer. We will be monitoring the number of people in the building at all times to stay within guidelines as well. We are asking everyone to schedule appointments so we are better able to manage the number of people visiting.

**Residents having business with the township can always continue to reach out to us via phone or email whatever is most comfortable for you:**

We will do our best to accommodate all while staying within the CDC guidelines. Please be patient as we work through this process.

The Tax Payer workshops will resume in July. We will be monitoring the number of people in attendance to stay within the guidelines. Again all participants will be required to wear masks and to use hand sanitizer.

The township hall will not be available for rental until further notice. We will also not be lending out our tables and chairs or any medical equipment.
