

Dear Friends,

We are pleased to announce that the LIHEAP Program will begin on October 2nd. On behalf of everyone here at Community Contacts, we want to thank you for your past support and participation in helping so many of our local residents.

- **Beginning October 2nd**, we will be assisting those who are **60 and older, those receiving a long term disability check and families with children 5 and under.**
- **November 1st**, the program will be open **to those who are presently disconnected from their heat or electric or under the threat of disconnection.**
- **December 1st** will **open the program for everyone.**

The program offers assistance to both renters and homeowners. These households do not need to be behind on their bills, but do need to fall within the income guidelines detailed on our flyers.

If your agency would like a large number of flyers, I can have them delivered to you.

If you have any questions, please call or email me.

Thank you again for your generous support and continued participation- we greatly appreciate it!

Thank you,
Meggin Miller
